

ANNOUNCEMENT

Potable water served by the Southern Wayne Sanitary District (NC PWS ID # 04-96-045) has been restored to near capacity. Samples collected from multiple locations within the system have been analyzed by a State Certified Laboratory and found to be free of coliform bacteria.

Based on these results and the continued presence of consistent pressure throughout the system, the **(SYSTEM PRESSURE) (FECAL COLIFORM) (TOTAL COLIFORM) ADVISORY** is **RESCINDED**, effective immediately.

Persons served by this system are urged to continue to manage their water usage and consumption, and report any leaks or problems to the Southern Wayne Sanitary District.
