DEPARTMENT OF SOCIAL SERVICES

Wayne County Department of Social Services (DSS)

Address: 301 N. Herman Street, Goldsboro, NC 27530

Telephone: **(919) 580-4034**

The Wayne County Department of Social Services provides financial assistance and social services to all residents of Wayne County who meet eligibility criteria. Its purpose is to enable individuals to function at their maximum capacity, to become self-sufficient, to improve their standard of living, to learn to cope adequately with their problems, and to provide preventive services that will avoid family breakup and enable individuals to remain in their own homes.

Income Maintenance Programs include- Work First Employment Services, Housing Referrals, Food Assistance (Food Stamps), Child Support Services, Emergency and Crisis Assistance, Work First Family Assistance, and Medicaid. Social Services also arranges for transportation to medical appointments for persons who receive Medicaid and have no means of transportation.

Services/Social Work Programs include- Adoption, Day-Care for Children, Foster Care for Adults and Children, Protective Services for Children and Adults, Case Management Services for Children and Adults, Services to the Handicapped or Aged and Disabled, Respite, Case Management and In-Home Services. The Department also monitors rest homes.

DSS Adult Services:

Adult Care Homes-When individuals cannot maintain a home of their own because of a temporary or chronic physical condition or mental disability and more care is needed than can be provided by family, in home aid services, or community services, care must be considered outside of the home, Adult Care Home placement is sometimes the answer to meeting their needs. These homes are often referred to as rest home or assisted living homes. They provide residents 18 years or older with supervision and personal care as needed, assistance with planned activities, and transportation to community activities. For more information concerning placement in an Adult Care Home, contact Ashley Dawson (919) 731-1075, Supervisor
Robert Taylor (919) 580-4084, Adult Care Home Specialist
Rebecca Darden (919) 731-1348, Adult Care Home Specialist

Nursing Home Placement -There are times when people can no longer perform the tasks of daily living even with the help of family, in home aides, and community services. Care outside the home must be considered. Their needs cannot be met in an Adult care Home. They do not need to be in a hospital, as those beds are needed for patients with acute illnesses. The care needed can be received in a Nursing Home. Nursing Homes provide nursing services by, or under the supervision of, licensed nurses according to physicians' orders.

For more information contact the Department of Social Services at:
(919) 580-4034.

Adult Care Home Care Management Services

Adult Care case management Services is offered to an individual living in an adult care home who is in need of heavy care. Heavy care patients require extensive assistance or are totally dependent on others. The resident must be a Medicaid recipient. The case manager insures that the residents' health care needs are being met.

Robert Taylor (919) 580-4084, Adult Care Home Specialist
Rebecca Darden (919) 731-1348, Adult Care Home Specialist

.

Adult Protective Services- Protected Services for Adults is responsible for assuring that disabled adults are protected from abuse, neglect, and exploitation. Those who may be in need include persons with disabilities which keep them from caring for themselves. A social worker is available even after regular working hours to intervene and assure that adults who are at risk are protected. If you suspect that an adult is being abused, neglected or exploited contact the Department of Social Services at (919) 705-1774.

LONG TERM CARE

Assisted Living Facilities (Also known as Adult Care Homes)

Adult care homes are residences for aged and disabled adults who may require 24-hour supervision and assistance with personal care needs. People in adult care homes typically need a place to live, some help with personal care (such as dressing, grooming and keeping up with medications) and some limited supervision. Medical care may be provided on occasion, but is not routinely needed. Medication may be given by designated, trained staff. Some people refer to these facilities as “rest homes”. The smaller homes, with 2 to 6 residents, are still referred to as *family care homes*. In addition, there are Group Homes for Developmentally Disabled Adults, which are licensed to house two to nine developmentally disabled adult residents.

Adult care homes are different from nursing homes in the level of care and qualifications of staff. They are licensed by the state Division of Health Service Regulation (Group Care Section) and are monitored by Adult Home Specialists within county departments of social services. Facilities that violate licensure rules can be subject to sanctions, including fines.

The Long Term Care Ombudsman Program advocates on behalf of adult care home residents and provides a variety of services and assistance to adult care home residents, families and providers.

To help low-income families pay for the cost of care in adult care homes, North Carolina operates the State-County Special Assistance Program. Medicaid is now a source of support for residents who qualify based on income and personal care needs. Personnel at county departments of social services can answer questions about the use of these funds.

- *Information listed above was taken from the NC Division of Aging and Adult Services website www.ncdhhs.gov/aging/alive.htm*

NURSING HOMES

Nursing homes provide long term care services for chronic conditions and short term recovery or rehabilitative care for corrective ailments. Nursing home services include medical care by physicians, nurses, nurse’s aides, physical and occupational therapists, as well as social work services and recreational opportunities. Individuals who reside at these facilities require continuous nursing care and have deficiencies in activities of daily living.

All nursing home facilities are licensed in accordance with the North Carolina State law and are regulated by the NC Division of Health Service Regulation. Advocates for nursing home residents and their families are available to ensure that the Nursing Home Patient’s Bill of Rights is honored by the facility. These advocates can be accessed locally through your regional Area Agency on Aging.

The cost of care for nursing homes varies based on the facility of choice. Methods of payment for this type of care can include private funds, long-term care insurance, Medicare and Medicaid.

For more information or to obtain a list of nursing homes in your area, contact the North Carolina Division of Health Service Regulation or download a listing of facilities from their website www.info.ncdhhs.gov/dhsr/report.htm

You may also contact the Regional Ombudsman at (252) 638-3185 ext. 3007 or the Wayne County Services on Aging at (919) 731-1591 to obtain a list of facilities.

Compare Nursing Homes in Your Area:

View the most recent results of government surveys of every Medicare and Medicaid certified nursing home in the country at www.medicare.gov

- *This webpage provides information about particular types of problems found in the nursing home. Look under the Search tools section and click on Compare Nursing Homes in Your Area. Unless you know the exact name of the nursing home, you may find it easier to search by giving city or county name only. This allows you to review the survey results of all of the nursing homes in the city or county you identify. This webpage of the federal Health Care Financing Administration has other useful information, including links to frequently asked questions and a guide for choosing a nursing home.*

**Information listed above was taken from the NC Division of Aging and Adult Services website*

CONTINUING CARE RETIREMENT COMMUNITIES (CCRC)

Also known as continuing care facilities and life-care communities, these communities differ from other retirement options due to providing housing and health related services, either for life or for a period in excess of one year. Generally, prospective residents must be capable of independent living when they enter the continuing care retirement community. These communities provide independent accommodations in the form of efficiency apartments, villas or cluster homes. Community dining, recreational areas, housekeeping, transportation and health-related services are provided.

Continuing care retirement communities (CCRC) in North Carolina offer either nursing home or adult care home levels of care. CCRCs offer varying types of contracts or agreements based on the level of care and services requested. The majority of CCRCs are private pay. Occasionally, subsidized units are available.

**Information listed above was taken from the NC Division of Aging and Adult Services website

MEDICAID

Medicaid is a health insurance program for low-income individuals and families who cannot afford health care costs. Medicaid serves low-income parents, children, seniors and people with disabilities. Medicaid benefits vary depending on the individual's situation.

Medicaid may help pay for certain medical expenses such as:

Doctor Bills, Hospital Bills, Prescriptions (excluding prescriptions for Medicare beneficiaries), Vision Care, Dental Care, Medicare Premiums, Nursing Home Care, Personal Care Services, Medical equipment, Other Home Health Services, In-Home Care under the Community Alternative Program (CAP), Mental Health Care and most medically necessary services for children under age 21.

Medicaid for Long Term Care

People who qualify for a Long Term Care facility may be eligible for Medicaid. This may be applicable even if they were not eligible when living in the community. If eligible, the program pays a portion of the cost of care. People who have a spouse, eligible for a long-term care facility; come under a separate section of the Medicaid law.

Community Alternatives Program (CAP)

North Carolina operates waiver programs to provide some services that otherwise are not covered under Medicaid.

- **CAP/DA:** *The Community Alternatives Program for Disabled Adults (CAP/DA) provides a package of services to allow adults (age 18 and older) who qualify for nursing facility care to remain in their private residences.*
- **CAP-MR/DD:** *The Community Alternatives Program for Persons with Mental Retardation or Developmental Disabilities (CAP-MR/DD) provides community services to individuals of any age who qualify for care in an intermediate care facility for the mentally retarded (ICF-MR).*
